MABEL HOLLOWAY, Proprietress

Riff once in a while and he gives it to me.

Johnnie sent me the names of the candidates who got elected the last election.

I sure would enjoy some of the fresh sausage if I was there now. I think we will be back by March 1st or sooner. I hope so at least.

I just read a letter from Henry Biry, which he wrote to his folks, in the Herald; also got a letter from him about a month ago.

I wrote a letter to Tommie Neuman. He is over here in the Inf.

I am glad to hear that mamma received one Liberty Bond and I will soon have another paid out. I wish I had taken some more bonds because that is about the only way that I can save money.

I wrote a letter to brothers, Joe and Emil, some time ago but I never have heard from them.

We have had lots of rain here. Am glad you folks have plenty of rain too.

I tried to get some silk for Alma but I couldn't get anything but an apron or silk cap, so I don't know which to buy but I believe I'll buy her an apron.

You tell mamma that her son has seen plenty of German prisoners but I never have been near the front at all.

Yes I am still cooking for the boys. I like the work pretty good, especially in the winter time. We have been here at this camp nearly 4 months.

Oh, yes! we came over on the ship "Vaterland" or Leviathan. We sailed from Hoboken, N. Y. on Aug. 3rd, and landed in Brest, France, on 11th of Aug. We were on the water only 8 days, while some of our brigade was on the water 12 days and more.

Robert Breiten was on the same ship I was on; he was the only one from home that I knew.

I came through 11 states on my way up to N. Y. I came through Washing D. C. and saw the capital of U. S. A. for the first time and also saw

GREETINGS

George Carle.

The subject of this sketch, the son Mr. and Mrs. Jos. Carle, was born in D'Hanis, April 20, 1861. September 29, 1885, he was happily married to Miss Nettie Fusselman, in Castroville, Texas. To this union was born six children, two boys, George and Barnitz; four girls, Mrs. Ward, Pearsall; Mrs. Wright, Dilley; Mrs. Beal and Miss Fannie, Hondo. These, with his widow, four grand-children, two brothers and two sisters and a host of friends survive him.

In August, 1909, he was gloriously converted and joined the Baptist Church and lived a consistent member until the day of his translation. Bro. Carle was a good man. As a citizen he made no compromise with evil. To him citizenship meant responsibility. He coveted no man's wealth. He never swerved from the road which shineth brighter and brighter unto the perfect day.

In his home, the innermost circle, he loved his own well and wisely and he loved them unto the end. Constant ministry shone and was reflected there in unwonted grace and thoughtful care. If I was asked to mention the outstanding features of his character, I should unhesitatingly reply, "It was fidelity."

As a Christian he "chose the better part," and was "diligent in business, fervent in spirit, serving the Lord." If he knew that I was writing these words of appreciation of his contribution to the world, he would wish me to say little, but he certainly would wish me to say this:

"Thou, O Christ, art all I want, More than all in Thee I find."

On being asked by the writer what was his favorite passage of Scripture? he replied, the twenty-third Psalm: "Though I walk through the valley and the shadow of death, I will fear no evil, for Thou art with me, Thy rod and Thy staff they comfort me." His favorite song was "Since Jesus Came Into My Heart."

Bro. Carle had a triumphant faith in God and love for Christ and His interests among men.

On the 24th of March, 1919, he closed his eyes and fell on sleep, and was not, for God took him.

"And grant that he, who trembling here, Distrusted all his powers, May welcome to his holier home The well-beloved of ours."

The funeral service were held in the Baptist Church by Rev. Mr. Gardner of San Antonio, assisted by the writer. J. W. LONG.

School Notice.

Having served as members of the board of trustees of the Hondo independent school district for the past ten years and believing it will serve the best interest of our schools to pass these honors to others, we decline to serve longer and will not qualify if re-elected.

During this long service there has never been any friction or factional feeling between members of the board, harmony prevailing at all times.

Our schools are badly handicapped for lack of funds especially at this time, and it is absolutely necessary that the 15c additional maintenance tax be voted at today's election.

Election for four new trustees will be held Saturday, April 5th. We urge upon the voters the importance of showing their interest in school affairs by voting.

Let us loyally boost our schools at all times.

Yours for better schools and full affiliation.

FARMER GOES MILES TO TELL OF RELIEF.

Vinson Lived On Milk And Eggs For Months-Takes Tanlac And Gains 15 Pounds.

"I have come twenty-six miles to tell you what Tanlac has done for me," said Joe M. Vinson, a well known farmer of Love, Miss., while in Memphis recently.

"Three years ago," he continued, "my stomach got all out of order. I couldn't digest a thing and for eight months I lived on buttermilk and the white of eggs. I was too nervous to sleep well, gas on my stomach made me miserable, I had spells of dizziness, would almost faint and could hardly get my breath. I had splitting headaches and was so bilious that I would often vomit.

"Since taking Tanlac my health is as good as anybody's, feel like a new man. I eat anything I want, sleep like a rock, all the misery and swelling has gone from my stomach. I have gained fifteen pounds and can do a hard day's work. I wouldn't be in the same fix I was before taking Tanlac for my farm and the stock thrown in."

Tanlac is sold in Hondo by W. H. Windrow.

We wish to make public our gratitude to the firm of Fly and Mercer for their courtesy in kindly allowing our club the use of their beautiful Victrola. THE KAISER CRUSHED

And Uncle Sam in making it possible assumed a debt that is great beyond the average comprehension. A debt that runs into many thousands of millions of dollars. A debt that was unavoidable, yet the taking over of which put a quick end to the war.

Uncle Sam prepared beyond all precedent for this year's fighting. A tank for every seventy-five feet of the firing line. Gas shells at the rate of ten thousand for every one Germany had produced. Airplanes in droves. Guns, by thousands. Munitions of all kinds upon a scale heretofore unheard of.

He had obligated himself in advance of the collection of the money to pay for all this.

AND ONCE THE GERMAN KNEW WHAT HE HAD IN STORE THEY QUIT COLD.

HELPFUL WORDS.

From a Hondo Citizen.

Is your back lame and painful? Does it ache especially after exertion? Is there a soreness in the kidney region? These symptoms suggest weak kidneys. If so there is danger in delay. Weak kidneys get fast weaker. Give your trouble prompt attention. Doan's Kidney Pills are for weak kidneys. Your neighbors use and recommend them. Read this Hondo testimony.

Mrs. P. H. Renkin, says: "I and others of the family have used Doan's Kidney Pills with the best of results. My kidneys were disordered and didn't act as they should. When I read of Doan's Kidney Pills I tried them, and one box entirely removed the trouble. I highly recommend them."

Mrs. Renkin is only one of many Hondo people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Renkin had—the remedy backed by home testimony. 60 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

Red Cross Gifts.

(Continued.)

"An extensive group of American workers has been dispatched to carry vitally needed supplies, and to work this winter in the various Balkan countries. In order to co-ordinate their activities, a Balkan commission has been established, with headquarters at Rome, Italy, from which point alone all the Balkan centers can be reached promptly.

"A commission has just reached Poland with doctors and nurses, medical supplies, and food for sick children and invalids. An American Red Cross Commission has also been appointed to aid in relieving the suffering of Russian prisoners still confined in German prison camps.

"An important commission is still working in Palestine. Through the war special co-operation has been given to the Armenian and Syrian Relief Commission, which was the only agency able to carry relief in the interior of Turkish dominions.

Red Cross Will Continue.

"Red Cross effort is thus far flung. It will continue to be so. But the movement represented by this work has likewise assumed an intimate place in the daily life of our people at home. The army of workers which has been recruited and trained during the war must not be demobilized. All our experience in the war shows clearly that there is an unlimited field for service of the kind which can be performed with peculiar effectiveness by the Red Cross. What its future tasks may be it is yet impossible to forecast. We know that so long as there is an American army in the field the Red Cross will have a special function to perform.

"Nothing could be of greater importance to the American Red Cross than the plans just set in motion by the five great Red Cross societies of the world to develop a program of extended activities in the interest of humanity. The conception involves not alone efforts to relieve human suffering, but to prevent it; not alone a movement by the people of an individual nation, but an attempt to arouse all people to a sense of their responsibility for the welfare of their fellow beings throughout the world. It is a program both ideal and practical. Ideal in that its supreme aim is nothing less than veritable "Peace on earth good will to men," and practical in that it seeks to take means and measures which are actually available and make them effective in meeting without delay the crisis which is daily recurrent in the lives of all peoples.

"For accomplishing its mission in the years of peace which must lie ahead of us the Red Cross will require the ablest possible leadership, and must enjoy the continued support, sympathy, and participation in its work of the whole American people. It is particularly fortunate that such a man as Dr. Livingston Farrand should have been selected as the permanent head of the organization. The unstinted fashion in which all our people gave of themselves throughout the war is the best assurance that our Red Cross will continue to receive that co-operation which will make its work a source of pride and inspiration to every American."

Mr. Davison, as chairman of the International Commission of the American Red Cross, has undertaken to represent the American Red Cross in the preparation of the program for extended Red Cross activities, and will spend the next several months in Europe in consultation with other Red Cross societies for that purpose.

The League of Nations.

Whether the U. S. is to be a party to it or not, will no wise prevent the big nations participating in the Peace Conference. It seems to us that the U. S. has more to gain by being in, than by staying out of the League, because it will have a voice in formulating the constitution defining its powers and the rules governing its conduct. Whatever President Wilson is responsible for in the creation of the League of Nations, it would be denying him credit for good judgement, and even loyalty to his country, to assert that his acts have been and are to the detriment of the U. S. in any way.

President Wilson is being severely criticized by a number of Senators, some few of them Democrats, who are nevertheless in favor of some kind of League but do not approve of the one formulated by our President and the best minds of the other nations. If they have something better to offer there is no doubt that President Wilson and the others would willingly consider it.—West Texas News.

For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barber's itch are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly.

Devine News Items.

Mr. Ziegenbalg had hard work to save his home and, as it was, lost some \$2,000 worth of stuff, and was badly burned about the hands and face.

Bad Taste in Your Mouth.

SAVED BY A FAITHFUL WIFE

Suffered Thirty Years With Stomach Trouble and Hemorrhages of the Bowels.

The Story of a Wonderful Recovery

There is hardly any one who does not experience some trouble with the stomach. It is so common that we frequently pay little or no attention to it. Yet, the stomach is very easily upset, and catarrhal inflammation of the mucous lining develops, grows worse—the pain and distress is incessant and the truth dawns that we have chronic stomach trouble.

The case of Mr. Louis Young, 205 Merrimac St., Rochester, N. Y., is typical. He writes: "I suffered for thirty years with chronic bowel trouble, stomach trouble and hemorrhages of the bowels. We bought a bottle of Peruna and I took it faithfully. I began to feel better. My wife persuaded me to continue and I did for some time as directed. Now I am a well man." Mr. Young's experience is not unusual.

If you suffer from catarrh in any form, whether of the head, stomach, bowels or any other part of the body, try Peruna. It may be just what you need. Peruna comes in either liquid or tablet form and is sold everywhere. Your dealer has it or will get it for you. Ask for Dr. Hartman's World-Famous Peruna Tonic and insist upon having it. If you want your health accept nothing else.

All the sick and suffering are invited to write The Peruna Company, Dept. 78, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and may help you. Ask your dealer for a Peruna Almanac.

We wish brother Davis a speedy recovery, so he may soon be able to again attend to his lecturing tours. Furthermore we tender him and his family our condolence in their misfortune.—La Coste Ledger.

For A Bad Cold.

Mrs. T. E. Wyatt and Miss Sarah went to Hondo last Saturday.—Herm. Haby of Utopia left Wednesday on a trip to San Antonio.—Fritz Weber was down from Utopia Monday.—Sabinal Sentinel.

"Say, my dear," remarked the facetious feller's wife the morning after the night before, "the banquet of the Dippy Dozen club you attended last night must have been a pretty sleepy affair."

"Whereja get that line o' stuff?" rose up huddle in his wrath.

"Well, the paper says that covers were laid for twelve."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Forgot What He Needed.

From the Republican, Mt. Giljard, Ohio: The editor had an interesting experience some time ago, when a young gentleman came to this office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: "Now I know!" "What is it you are looking for," we inquired. "My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to several stores and the clerks named over everything in the line on the shelf except 'Chamberlain's'. I'll try again, and I'll never go home without Chamberlain's Cough Remedy." The Republican would suggest to the proprietors of stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted, to say nothing of the injustice to makers of good goods and the disappointment of customers.

Weekly Health Talk

A WORD ABOUT THE KIDNEY

BY DOCTOR WATSON

People are easily frightened when they think something is the matter with their lungs or heart, and with the dangers of diseased kidneys. Kidneys have a duty of vital importance to perform, and if they are not there is no telling how or what symptoms may appear. They are filters, and when they are diseased, the poisons from the blood are filtered, and when they are diseased, the poisons are spread all over the system and deposited in various places, in the form of salts—in the feet, ankles, wrists, back—often forming bags under the eyes. Sometimes the resulting acid is called rheumatism, lumbago, and backache. Finally, come in the bladder, diabetes and kidney disease.

Dr. Pierce, of Buffalo, N. Y., in many years, discovered that a certain combination of remedies would dissolve acid (urate salts) in the system. He found this combination to be harmless so that he made it up in the form of double strength, and called it Anuric Tablets. They dissolve acid in the human system as hot water dissolves sugar. If you have kidney troubles, don't delay in taking Anuric Tablets, which can be secured in drug stores. You can write Dr. Pierce, too, and he will tell you what to do and how to live so that more trouble will not form in your system. Dr. Pierce will not charge for this advice.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royce City, Tex.—Mrs. Mary Killman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

You see a man in khaki,
A sailor boy in blue,
You ever stopped to think
A man is human just like you?

Because he had the courage
To sent away from home;
Now become his duty
Reign land to roam.

He left his friends and loved ones,
Out on a face so glad;
Soldier too has feelings,
His throbbing heart was sad.

Stray yourself departing
The loved ones you hold most
Dear,

That you may not see them
More for month or year.

Because a man wears khaki,
It mean that he's a brute.
Master of emotions,
Apparently he's mute.

In his brawny bosom
Is a heart that beats right on
Ones back in his homeland,
He scenes that now are gone.

He times that every Soldier
Heart that's full of pain,
He back with homefolks,
He scenes he loves, again.

In pensive moods o'rtake him,
He's nearly dead with blues,
He'll never miss the time.

Waiting for that letter.
Minute, write a line,
It'll better if you do it,
You'll never miss the time.

For a boy in khaki, over in
Means the whole world to him.
Taken anybody's word for it,

Battery E. 77th Field Artillery.

Mr. and Mrs. C. C. Rogers are in re-
ceipt of a pamphlet from their son,
Lieut. Joe C. Rogers, containing a
complete history and roster of Battery
E. 77th Field Artillery. The pamph-
let contains a complete history of the
activities of the battery from its or-
ganization up to the time of its arrival
in Germany as a part of the army of
occupation. The battery landed at
Liverpool England and shortly after-
ward crossed into France. The bat-
tery engaged in its first fighting at
Chateau Thierry, where it had its first
casualty, one private being slightly
wounded. The battery was in the St.
Mihiel battle. The battery opening
fire on the morning of September 12th.
From here the battery was moved to
the Argonne Sector and took part in
the actions that brought the war to a
close, but the Narrative says the re-
treat of the Germans were so rapid
that the battery was constantly on
the move in an effort to keep up with
the enemy. The battery was very
fortunate having but eight minor
casualties in the company.

The pamphlet bears the imprint of
Peter Sesslerhem, Job Printer, Kaiser-
schesch, Germany, and is somewhat of a
curiosity, as it is printed in German
characters, the words being in English.

Teacher Thanks White Citizens

Permit me to thank the white citi-
zens of Hondo for their attendance and
donation at the city Auditorium Fri-
day night, Mar. 21, 1919. One-half of
this donation was given by the lady
who sang on the above mentioned
date for the benefit of our colored
school. A good colored school in
Hondo means much to the white peo-
ple of the city. Education of the
negro means better cooks, better
house servants, better wash women,
better farmers and farm hands and it
also means to lessen the crimes of idle
or the ignorant negro; in short it
means to clear the streets and other
places of the idle class of my race and
make useful industrious, honest and
truthful citizens of them. A good
colored school in this town means the
immigration of other good colored
families on this good farm land and to
do your city work, etc., while a poor
school means a poor teacher, increase
idlers, decrease of labors causing the
best class of our people to move to
other places where they can have bet-
ter schools for their children. Nine-
tenths of crimes committed in this
country are as a rule the idle or the
ignorant man, my race or any race.

We are making a start to help our-
selves. When the business or thinking
white man sees the colored people try-
ing to help themselves I am sure they
will help them. We need more room in
our school; we have about 60 children
enrolled—eight grades—too much for
one teacher. We hope in the near fu-
ture the Hondo School Board can see
its way clear to give us another room
and teacher. The colored teacher
should teach the young negro useful-
ness to his home, city and state. This
can only be done by the teacher in the
school-room. Such a teacher cannot
be paid in dollars and cents. As a rule
the teacher is the poorest paid man in
the country and has the greatest re-
sponsibility shaping the young minds
for future usefulness and happiness,
on which their lives must depend. In
conclusion I must again thank you for
starting us off in this effort.

Respectfully,
H. G. GRANT,
Principal Colored School.

No. 1857, vs.
Alvin Bennett.

THE STATE OF TEXAS,

To the Sheriff or any Constable of Medina County—Greeting:

You Are Hereby Commanded, that, by making Publication of this Citation in some newspaper published in the County of Medina, for four weeks previous to the return day hereof, you summon Alvin Bennett, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Medina, at the Court House thereof, in town of Hondo, Texas, on the 6th Monday after the first Monday in March, 1919, the same being the 14th day of April, A. D. 1919, then and there to answer a Petition filed in said Court, on the 13th day of March, A. D. 1919, in a suit numbered on the docket of said Court No. 1857, wherein Nancy Holden Bennett is plaintiff and Alvin Bennett is defendant. The nature of the plaintiff's demand being as follows, to-wit:

That she is an actual homestead inhabitant of the State of Texas, having resided in said state for usually all of her life, and that she has resided in Medina County for more than one year next preceding the filing of this suit:

That during the year 1898, in Hondo, Texas, plaintiff was lawfully married to defendant, Alvin Bennett, then a single man; but that very shortly after their said marriage and during that same year, the defendant, without notice, and without cause abandoned and deserted plaintiff and left for parts unknown to plaintiff, since which time they have not lived together as husband and wife. That shortly after defendant deserted plaintiff a child was born of said union, and plaintiff without the assistance of defendant, supported and reared the said child up to womanhood, and at no time since the year 1898 has the defendant contributed anything towards the support and maintenance of plaintiff or said child.

Plaintiff alleges that said misconduct and desertion on the part of defendant was due to no fault of hers, and that she at all times conducted herself as a dutiful and faithful wife.

Plaintiff further alleges that said marriage relations continue to exist, but that defendant's actions towards her and his absolute and complete abandonment of her renders their further living together as husband and wife insupportable, premises considered.

Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and for judgment dissolving said marriage relations between plaintiff and defendant and for such other relief, in law and equity that she may be justly entitled.

Herein I fail Not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hondo, this, the 35th day of March A. D. 1919.

Francisco Caseres
No. 1858, vs.
Felice Vesa de Caseres.

THE STATE OF TEXAS,

To the Sheriff or any Constable of Medina County—Greeting:

You Are Hereby Commanded, that, by making Publication of this Citation in some newspaper published in the County of Medina, for four weeks previous to the return day hereof, you summon Felice Vesa de Caseres, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Medina, at the Court House thereof, in Hondo, Tex., on the 6th Monday after the 1st Monday in March, 1919, the same being the 14th day of April, A. D. 1919, then and there to answer a Petition filed in said Court, on the 13th day of March, A. D. 1919, in a suit numbered on the docket of said Court No. 1858, wherein Francisco Caseres is plaintiff, and Felice Vesa de Caseres is defendant. The nature of the plaintiff's demand being as follows, to-wit:

That he is an actual and bonafide inhabitant and resident of the State of Texas and has continuously resided in said State for more than one year, and in said county for more than six months next preceding the filing of this suit; That on May 10th, 1891, in Eagle Pass, Texas, plaintiff was lawfully married to Felice Vesa, the defendant herein, who was at said time a single woman.

That after their said marriage plaintiff and defendant lived together as husband and wife until the 13th day of November, 1911, when defendant deserted their home, and permanently abandoned plaintiff, since which time they have not lived together as husband and wife. That said abandonment was not caused through any fault or misconduct on the part of plaintiff, who at all times was kind and affectionate toward defendant, and at all times amply provided her with all of the necessities of life; but that defendant was of a very quarrelsome disposition and was never satisfied with anything; That she continually abused and mistreated the plaintiff for a period of two years immediately preceding their separation, and then finally deserted him without cause; that said marriage relations between plaintiff and defendant continue to exist; but defendant's conduct to and concerning plaintiff, are of such a nature as to render their further living together as husband and wife insupportable, the premises considered.

Wherefore plaintiff prays that defendant be cited to answer herein and for judgment dissolving said marriage relations, and for other relief general and special, in law and in equity, to which he may be justly entitled.

Herein I fail Not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hondo, this, the 13th day of March, A. D. 1919.

Stockmens Convention at Dallas

Cliff, Texas, Mar. 23, 1919,
Editor Hondo Anvil Herald,
Hondo, Texas.

Dear Editor:

Will you be so kind as to publish in your worthy paper the following:

At the Forty Third Annual Stockmens Convention just held at Dallas, the Federal Bureau of Animal Industry submitted some very important points on the Texas fever tick eradication which is being carried on at this time.

Now I believe this is the most important question that confronts the public at the present time. Therefore I think it important that everyone having stock in this portion of the State should get interested in this work at once. This is compulsory and applies to every one, even those having only one cow. All cattle must be dipped in order to exterminate the parasite.

As you all know that the northern portion of the state is already freed of the Texas fever tick. The work is being carried on in the middle portion this year, which is immediately above our zone. Our zone is to take up the work next year (1920) this includes all of Medina County. In 1922 the remainder of the county must begin to clean up and by 1923 the entire state must be practically cleaned up.

Now the reason I am making these few remarks at this time is because I believe the time is ripe for all stockmen that are not prepared for this great big job that begins the early part of next year, so have their dipping vats constructed now and not wait until the first of 1920 when we must proceed with the dipping of all the cattle every fourteen (14) days.

I am sure you all will agree with me when I relate to this as a great big job, but we can only reap the greatest benefits of our interests by good honest hard work. Therefore, let's put our shoulders to the task and try to clean up at the earliest possible time and see if we shall not reap the benefits therefrom in the future.

In having different sentiments of different people I want to say this, there may be a few of the larger stockmen controlling large ranches that think this is an impossibility, but I am confident that most of you gentlemen are with me in saying that we believe we can accomplish this work if no other way, by cross fencing our larger pastures and working different parts of the ranch at different intervals. I do believe that it is to the utmost importance that we get at this work in a business way and try to perfect the job at the earliest time possible.

We had a dipping vat constructed on the ranch in July, 1915. Since that time I have had quite a little experience in the dipping of cattle and other stock, but not enough to speak of. We dipped only at times when we thought advisable, although even at that rate got very satisfactory results.

Now I think it is very important that the stockmen have their vats constructed now, and not wait until the first of next year (1920) when the work must begin. And the more vats and the more conveniently distributed the easier on your cattle and the easier on you.

The stockmen with but just an ordinary herd of cattle I think would be justifiable in having his own vat constructed on his premises at the most convenient place to dip his cattle. It is very important that cattle must not be driven but a reasonable distance prior to being dipped, and the same rule applies to the case after cattle have been dipped.

It does not cost a great deal to build a dipping vat if you will start in time, so it won't have to be done in a rush. After once constructed, can be used for dipping purposes of different causes and at the same time is a resource to your property.

I want to say just a word in regard to the restrictions set forth on shipments of cattle from a tick infested

area into an area where the tick is being freed or has already been freed.

After June 1, 1919, this year, will not be allowed even to ship fat cattle for immediate slaughter to Fort Worth or any other market above that point without having dipped them and then must pass inspection before they would be allowed to go in that zone where the work is being carried on this year.

I am sure our agents will be prepared to give us full information regarding this most important problem confronting us at this time, at an early date.

Now the last but not least remark I would like to make is in behalf of the stockmen of Texas and on behalf of The Cattle Raisers' Association of Texas:

It is considered one of the richest organizations we have. We have now a membership of over Forty Seven hundred members. The last annual meeting just held at Dallas was one of the most interesting and best attended we have had.

There are so many fine stockmen that do not belong to it. I frankly say that I hope that I might see the day when we shall all be howling together (the more the merrier.)
